Parents of Transgender and/or Gender Non-conforming Children Support Groups

These groups came about several years ago as more and more parents/guardians were expressing a need for a space to discuss the unique struggles and triumphs as parents/guardians of transgender, gender non-conforming, and genderqueer people. Trans people and their parents/guardians, families, and friends are welcome to attend the LGBTQ+ groups, as well.

Please contact group leaders for meeting times and places.
